Satin Finish-

Adds lustre to the wood without hiding its character. It makes the surface pleasing to the underfoot as well as easy to maintain and hardwearing.

Matte Finish-

Gives textured impression of pure and untreated wood. The subtle finish does not conceal woods natural look while making it more durable and easier to clean. The soft natural surface is pleasant to walk barefoot on.

High Gloss Finish-

The high gloss lacquer gives your floor a shiny, polished look and provides a reflecting surface. It offers an exciting alternative to more conventional wood floors.

Care And Maintenance

- Recommended Humidity in the room: between 40% and 60%.
- To prevent colour differences, do not place furniture or accessories in direct sunlight, and move objects placed on the furniture from time to time.
- To prevent staining, remove any spills immediately
- Use Place Mats and/or Coasters to prevent hot pots and pans, or cold glasses and bottles, from leaving marks on the furniture.
- Avoid exposure to extreme conditions: Do not place furniture or accessories near heating sources or air-conditioned spaces.
- When cleaning the surface, always work in the direction of the wood grain.
- Do not drag the furniture along the floor; always lift the furniture when moving.
- Indoor products are not intended for outdoor use. An outdoor product will always indicate so in its name.
- Always ensure water solutions used to clean the floor do not come into contact with the furniture's base, as it may leave permanent marks. For items that feature rubber glides, avoid using alcohol-based cleaners on floor they are in direct contact with.

Sustainability

Wood products play a fundamental role in environment conservation and enhancing the value of natural resources. That is why we are committed to sustainability, both when designing and executing our processes, and in our environmental policy.

In addition to respecting and protecting the forests, which are our main source of raw material, at Sudheer Timbers we're working to go beyond the limits of our workplaces with the aim of contributing to environmental development, and that of its inhabitants.
